BIKE AND PEDESTRIAN WAY – PHASE I

Project Schedule

The contractor has completed the new traffic circles on West 54th Street at Drew Avenue and Beard Avenue.

Next week crews will work on signal improvements at the intersection of West 54th Street and France Avenue. Crews will be installing detection equipment in the roadway on West 54th Street. This detection equipment will recognize bike riders waiting in the designated bike lane and change the light accordingly at the France Avenue intersection.

At this time, crews anticipate striping the new lanes on West 54th Street and Wooddale Avenue the week of September 23.

See our website for what to do in emergencies, non-emergencies, site safety or if you have special events or home improvement projects plan,

http://www.edinamn.gov/index.php?section=construction_bike_pedestrian_way .

Please encourage your neighbors to sign up for City Extra emails as this will be our primary method of communication once the project begins.

Sincerely,

Aaron Kuznia
